## RESULTS ON THE VOTE

### “WHAT ARE HANDS FOR” REPLACEMENT PROJECT

The ballots have been counted for the  
project research and development vote  
taken at our last general meeting.

We will proceed with the T.R.E.E. House project!

The project proposal for the T.R.E.E. House Children's  
Museum: *Expand on and support services currently offered by  
the T.R.E.E. House. Junior League members would complete a  
study with recommendations on ways to improve and enhance  
the T.R.E.E. House experience. Possible projects include  
bringing experiments/hands on learning into the  
classrooms; fostering a relationship with at risk children who  
would not have the opportunity to visit the T.R.E.E. house;  
redesigning interior/layout of museum; or fundraising. This  
project falls within our mission of improving the community in  
the areas of women and children by allowing children to  
explore the world around them. Exit strategy would be to turn  
this program back over to T.R.E.E. House.*
